

Do you feel sick?

You may have the Flu if you have
**SIGNIFICANT FEVER AND
BODY ACHE**

(You may also have a runny nose, cough, sore throat
headache, tiredness, diarrhea, or vomiting.)

If you think you have the Flu, seek medical attention
IMMEDIATELY. If diagnosed, please stay in your
home or residence except to receive medical care.

For more information visit www.flu.gov
or call 1 (800) CDC-INFO (232-4636)
